**Testimonial for Baban Rao, Vastu Rahasya**

I, Anoop Daga (Partner, Ankur - Germinating Ideas), am into business of Graphic Designing for past decade. We are working for many corporate clients such as IPCA, Glenmark, Unichem, Piramal Diagnostics, Dabur, etc; designing their promotional print materials.

Every business man/woman, in due course of his/her business, will some time or other face problems. This is bound to happen as its a business cycle. But this cycle can be shortened provided you have Baban Rao with you. We were facing problems such as business getting stagnated and money flow getting stuck. For Ankur, though these are early days of his consultancy but we cant stop ourself from Thanking Baban Rao, we have started witnessing change due to his consultancy. **Thank you Baban, we have started getting fresh business enquiries from different industries and the money flow has also improved.** It will be our pleasure to refer him to friends, colleagues, clients and associates for his Vastu Consultancy.

Thank you Baban once again for your guidance and support during tough times and making us believe that **“Aadmi ki disha badal jaye to dasha badal jati hai”**.
