To whomsoever it may concern

I am a 77 year old senior citizen.

On the recommendation of my son-in-law, Gautam Amladi, I had enlisted the services of Shri Babanrao Patil for Vaastu Review of my new re-developed house prior to undertaking interior work.

No structural changes were possible, but I was happy with the practical and workable solutions that Shri Babanrao had to offer after a detailed review of my house.

Subsequent to implementing his suggested solutions, a subtle positive change in general conditions is beginning to be visible.

I wish Shri Babanrao all the very best success in his professional ventures, and if an opportunity arises I would have no hesitation in suggesting his name for Vastu Consulting.
