## Testimonial

Good morning friends, I am Sadashiv Sawant from 3D Impressions. We are in the business of architectural visualization since last 19 years. We make the presentations for builders & architects for their marketing purpose.

This testimonial I am giving for Mr. Babanrao Patil. From last one year we were facing trouble in incoming orders & payment also. I discussed this matter with Mr. Babanrao Patil in the month of April. He visited my office & suggested some remedies.

Though I have not implemented all the things he has suggested, within a span of one week I was overloaded with work. The staff working on some projects got interim bonus also. That much work we got in the month of April.

Since then my studio is receiving continuously big orders. This is the miraculous result. I suggest everybody must do vastu consultancy from Babanrao Patil.

Thanks to Mr. Babanrao Patil.

Yours Faithfully
